Classes Starting - Enroll Now

Our Financial Independence and Landlording classes begin in September in District 214, Arlington Heights, at the John Hersey High School, 1900 East Thomas. That's just East of Rand road, between Euclid and Palatine.

The school has made it easy to sign up, accepting phone registrations using Visa and Master Card. Call (847) 718-7700 to register - or on the web at www.ce214.org.

No. 7731: FINANCIAL INDEPENDENCE

One WEDNESDAY 7:00-9:00 p.m. September 22nd, Room 124B. No fee, but registration required.

A brief overview, showing you what they didn't teach you in college - the basic skills required to become financially secure. You can accumulate \$1 million in 12 to 18 years using proven, conservative savings and investment techniques. Myron retired at 38 and for the last thirty-one years has been showing others how they can do it, too!

No. 7732: FINANCIAL INDEPENDENCE - PART II

Nine WEDNESDAYS 7:00-9:00 p.m. Starts September 29th, Room 124B, \$71.00. Develop your own "road map to riches". With proper planning, saving is much easier than you think - especially when you "pay yourself first". Our forms make it easy for you to plan your way to wealth.

Then, once your financial goals are set and your savings program is under way, learn how to get an acceptable after-tax return on your investment capital while keeping risk to a minimum.

Course also covers stocks, margin accounts, mutual funds, bonds, options, commodities, collectables, real estate, venture capital, running your own business, insurance, living trusts, charitable trusts and estate planning.

Myron has an MBA with honors from the University of Chicago, plus he is a CPA, RIA and an Illinois real estate broker. He is a multi-millionaire who can show you how to do it, too! Free book included.

No. 7737: LANDLORDING

Four THURSDAYS 7:00-8:30 p.m. Starts September 16th, Room 111, \$39.00. Join Keith's how-to course on successful ownership and operation of residential rental property. Covers managing real estate investments, including tenant selection, advertising, setting rents, lease and rent collection policies and legal rights of landlords and tenants.

If you have even one tenant, you need this class!

This is NOT a licensing class - It's a hands-on property management class to prepare you to manage your own apartments or to qualify you to become a professional property manager. INVESCO manages over 450 apartments in the Northwest suburbs. Free text included.
